Barlow Plaza construction on schedule

Construction on the \$4 million Barlow Plaza Shopping Center adjacent to Barlow Foods is on schedule, owner-manager Steve Barlow says today.

The center will add 46,000 square feet to the existing 40,000 square feet. It will contain a Weber and Judd Dry Store, Brown Liquors, Barlow Gardens Restaurant, a bakery and other retail shops.

Barlow said the names of other tenants will be released at a later date. The new plaza is expected to be completed in May or June.

Weis Builders is contractor for the project.
